Classic Colorworks Ribbon Red/DMC 321

This complimentary border and alphabet design was created to coordinate with the [Cherry Love free chart](#) available from Fat Quarter Shop and is intended to be used alongside that pattern. The cherries shown within this chart are grayed out and provided as a placement guide only; please download the original Cherry Love chart directly from Fat Quarter Shop to stitch the complete design.

The stitched finish shown on the cover features a different alphabet, which comes from the [When the Leaves Fall](#) book by [Blackbird Designs](#) and could not be charted here. If you wish to stitch the piece exactly as shown, you will need a copy of that book. For convenience, a complimentary charted alphabet is included in this download and may be used with or without the border, or substituted with any alphabet of your choosing.
